

Creating Web Applications with Go

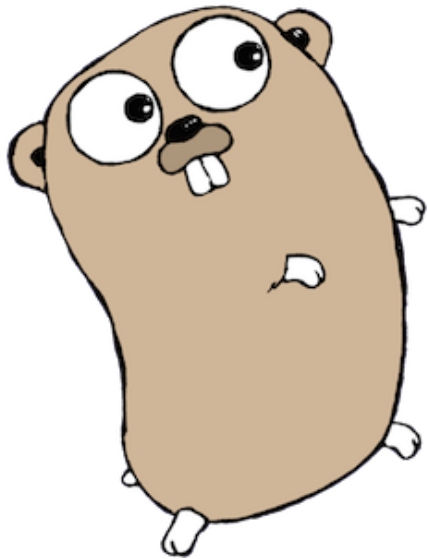

Introduction

Michael Van Sickle

<http://allibec.com> | @vansimke

Goals of Go

- Easy to Learn
- Quick to Compile
- Safe and Simple Concurrency

Who? Me?

New to Go

Web
Developer

Systems
Developer

Curious

What Should I Know?

Go Language

Web Server
Programming

The Go Programming Language
John Sonmez

Goals of the Course

Working with
Templates

MVC
Framework

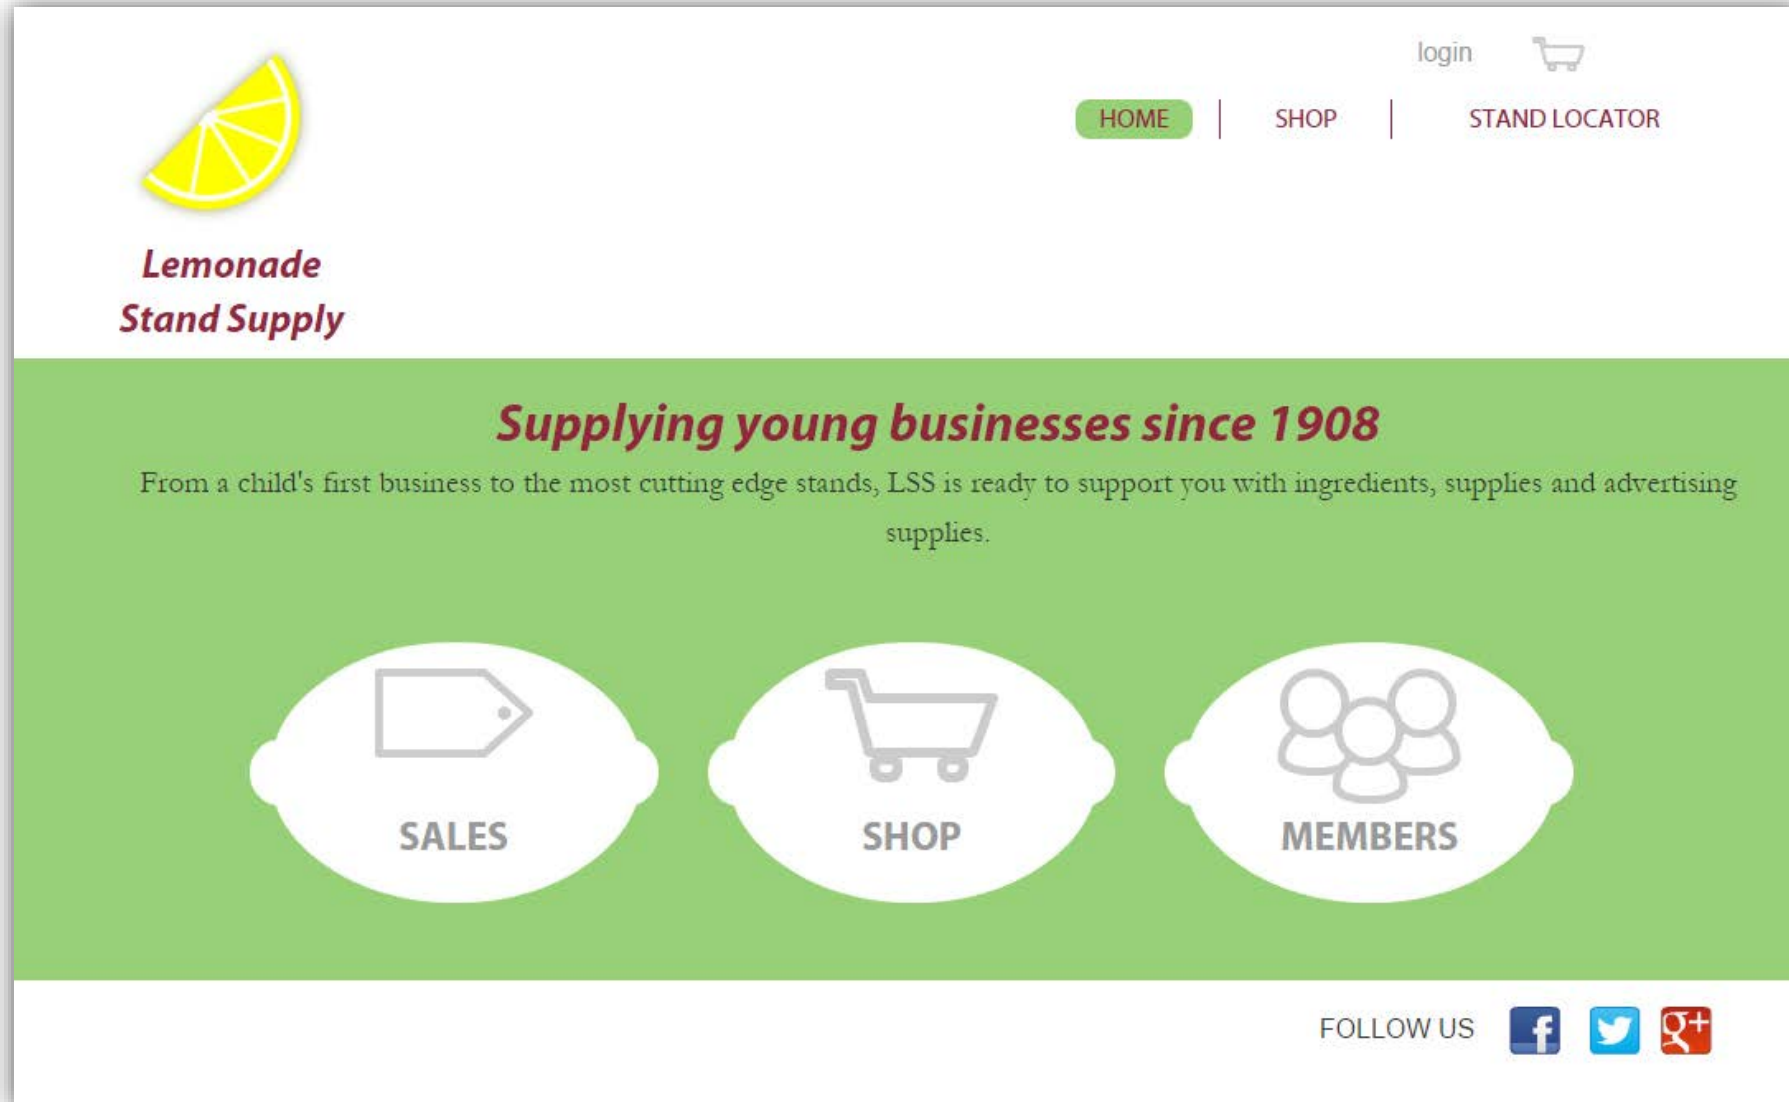

Database
Access

Unit
Testing

Session
Management

Only Core

Demonstration Application

Placeholder to review static
HTML of demo application

Development Environment

Go

Eclipse

gocode

Placeholder for installing dev
env.
